Due to tremendous growth, TECH-SONIC is looking for highly skilled individuals to join our team.

Job Title: Assembly/Service Technician

Position : Full time - Monday through Friday, 8:30 – 5:00

Contact: Email hyun@techsonicultrasonic.com with resume

Position Summary: Under general direction from the manager, the assembly/Service technician will assist in assembly and testing of Ultrasonic welding machines.

Tech-Sonic is a rapidly growing designer and manufacturer of ultrasonic metal welding equipment for the electrical and refrigeration industries. We manufacture and assemble in the U.S., Philippines and China and serve customers around the globe. TECH-SONIC is a small, but fast growing company that requires a multi-disciplined hands-on person who recognizes jobs that need to be done and seizes the opportunity to do so. The potential for company growth is huge so we are looking for individuals that have the drive and passion to grow with us and become the foundation of our success.

About the Assembly/Service Technician:

At this time, we are looking to fill our Assembly/Service Technician role who will be specializing in the assembly and testing of high tech capital equipment for ultrasonic welding. This will be a diverse role that requires the proper use of machine shop equipment, hand tools and test instruments. Applicants must be capable of interpreting mechanical/electrical drawings, wiring electrical panels, assembling and troubleshooting precision mechanisms and electronic circuits.

Position Requirements:

- Have experience assembling electrical panels and precision electromechanical systems
- Have experience in troubleshooting and providing technical information to customers
- Knowledge of machine shop equipment and processes used in a manufacturing environment
- Good written and oral communication skills
- Ability to read and understand CAD drawings
- Ability to prioritize, organize and complete tasks independently
- Ability to communicate effectively and work cooperatively with staff
- High degree of personal initiative
- Ability to work under pressure in a fast-paced environment
- Resourceful, accurate and highly organized with an attention to detail
- Ability to manage, prioritize and balance multiple tasks
- Must be flexible, able to adjust schedule and pitch-in as needed
- Responsible for maintaining and ordering shop supplies and tools

Education and Experience Requirements:

- Must have 5+ years working in manufacturing environment
- High school diploma or general education degree (GED)

We offer a friendly work environment with benefits including medical insurance, paid vacation/holidays.

Eligible applicants, please email hyun@techsonicultrasonic.com with resume.
